

Dear Pre- School Parents:

If your child is returning next year, the nurse will need the following **by the first day of school**:

1. Any recent immunizations since last year
2. Appointment date or copy of actual flu shot date(See attached- must have an annual flu shot between August and December of this up -coming school year)
3. A new Epi-pen packet, a new asthma packet, or a medication form for any medications needed in school including over the counter ones (a physician and parent must sign for these every school year). The forms can be gotten from the nurse/main office upon request or can be downloaded from our website.

Thank you for your cooperation in this matter.

Sincerely,

The School Nurses

SCHOOL NURSE PROGRAM
Camden County Non-Public Schools

Dear Parent/Guardian:

This is a reminder regarding the required influenza immunization for children enrolled in a preschool or child care program. The Influenza Vaccine is required for children ages 6 to 59 months, and must be received annually between September 1 and December 31 of each calendar year.

Please complete and return this form to the school once you have made an appointment for your child. This will help us maintain a tracking system as to when we will receive the appropriate documentation.

If you have any questions, please call me at 856-665-5879. Thank you for your cooperation.

Angela George
School Nurse

Child's Name: _____

St. Peter School

My child has already received the influenza vaccine since September 1st.
Attached is an updated immunization record.

My child is scheduled to receive the influenza vaccine on _____
I will send in an updated immunization record after the vaccine is given.
